FOSTER A HERETIC

Baptist Ministers of Chicago Stirred up Over Book.

WANTS TO EXPEL AUTHOR

Ministers Claim That Chicago University Professor Has Made Bitter Attack Upon Christianity. Criticism of Bible.

(By Wire to the Morning Star.)

Chicago, June 7.—Professor George B. Foster, of the University of Chicago, whose writings, denounced by some as a "bitter indictment of the Christian religion before the bar of skepticism," have harrowed the clergy of Chicago, today at a meeting of Baptist preachers of Chicago was called on by Rev. Johnston Myers to withdraw from the Bautist ministry and to yield up his ordination papers. The criticism was directed chiefly at Professor Foster's recent book "The Function of Religion."

Only the objection of one man, Professor A. K. Parker, an instructor at the University of Chicago, prevented the eviction of Professor Foster. Professor Parker prevented action by calling attention to a constitutional provision preventing action without a week's deliberation. The case accordingly was postponed until June 24.

It was after Professor Foster had been characterized as "an undesirable Baptist," ans as a teacher who "would dethrone the church and defy evolution, that the ffort to eject him from the councils of the denomination was made.

"Professor Foster declares," said Rev. W. A. Mathews of the Tabernacle Baptist church, "that one who calls himself a believer in the Bible is a 'knave.' Thank heaven I am a knave."

"May I ask how that word is spelled?" interrupted Professor Parker.

"K-n-a-v-e," replied the speaker.

"If you will pardon the correction," observed Professor Parker, I have the book in hand and the word is spelled 'n-a-i-v-e'."

"Professor Foster states in his book" continued Mr. Mathews "that God did not make man in his own image, but that man made God in his own image."

"He says we are not fallen angels but developed animals. He says that miracles have always been the refuge of ignorance and that modern technic must take the place of magic. I wonder what he means by 'modern technic.'

"He declares that science has undermined the trinity—of course that is in his own mind. He says that Jesus was a child of his time and that to copy Jesus is to kill the soul. He makes a tirade against the clergy. He says that the book of humanity is greater than the Bible.

"The title of his book should have been 'Religion Without Christianity.' He is guilty of the supreme conceit of ranking self greater than Christ. He styles our Grand Old Book as the petrified remains of the Christian religion."

Through it all Professor Foster's 17-year-old son sat with flushed cheeks and shining eyes. At last, unable to restrain himself longer, he half arose and cried: "Why don't you review the book and not the man."

The speaker paid no attention to the interruption.

When the motion was made to expel Professor Foster there were cries of "Second it" from all over the hall.

ELEVEN BODIES RECOVERED

Frightful Accident to Party of Excursionists From New Orleans. Eleven Bodies Thus Far Recovered.

Library of Congress

(By Wire to the Morning Star.)

New Orleans, La., June 6.—Four women and [illegible] children and probably many others were drowned tonight when the excursion steamer Margaret made a fastening at Mandeville, La., on the north coast of Lake Pontchartrain, twenty-five miles from New Orleans. The wharf gave way and about seventy-five people were thrown into the lake. Many heroic rescues were made.

Mandeville, La., June 7.—Up to tonight eleven bodies were recovered from Lake Pontchartrain at the scene of yesterday's disastrous collapse of a small pier on which scores of excursionists had crowded to board the steamer Margaret to return to New Orleans. As far as can be ascertained no other persons are missing.

All the dead were residents of New Orleans. The Margaret did not land at the wharf at which she was accustomed to tie up. Instead she ran into a dock built especially for skiffs and small craft. This small wharf was pulled by the steamer's ropes entirely away from the main pier and some seventy people went into the lake in about eight feet of water. The shrieks of those precipitated into the water brought many men to the wharf to joint in the heroic work of rescue already begun by the officers and crew of the Margaret.

TRINITY COMMENCEMENT

Durham Thronged With Visitors. Trustees in Session Two Days.
(Special Star Telegram.)

Durham, N. C., June 7.—Trinity Commencement is made notable by the large gathering of visitors and former students from all parts of the State, who thronged the campus today, to be in attendance upon the big events, the commencement sermon by Rev. Hugh Black, D. D., of New York, recognized as one of the five greatest preachers in the world ,and the annual address by Senator Jonathan P. Dolliver, of Iowa, which will make the semi-centenniel commencement a memorable one.

At a meeting of the Board of Trustees tonight the resignation of Dr. Edwin Mims, who has accepted the chair of English in the State University to succeed Dr. C Alphonso Smith, was taken up but action was deferred until the second meeting of the Board tomorrow at which time his successor will probably be elected. The annual report by President Kilgo was read, showing excellent conditions in the various departments particularly that of law, which has made significant progress for the short time it has been established.

Several other important matters will be considered, among them being the election of several additional instructors. The significant feature this evening was the annual banquet of the Kappa-Sigma and Kappa Alpha fraternities. The appearance of the blue decorations throughout the city is fittingly suggestive of the commencement season which is one of unusual interest here and will be in progress throughout tomorrow and Wednesday.

INTRACOASTAL WATERWAYS

Government Wants Great Many Engineers and Transit Men.
(By Wire to the Morning Star.)

Washington, June 7.—The War Department has made a heavy draught on the Civil Service Commission for junior engineers, surveyors and transit men who are needed for work on the surveys in connection with the intracoastal waterways from Boston to Key West, expected to last from six months to a year. The salaries of Junior engineers will range from 125 to $175 a while those of surveyors and transit men will range from $100 to $125 a month.

The examinations will be held June 21,1909, and applicants will be rated according to their training and experience. Applications for blanks should be made either to the Civil Service Commission or to the secretary of the board of examiners at the postoffice at Boston. Philadelphia, Atlanta, Cincinnati, Chicago, St. Paul, Denver, San Francisco, the custom house at New York, New Orleans, or the old custom house St. Louis.

DON'T WANT TARIFF RAISED.

Senator Bacon Declares Georgia's Industries Do Not Need It.
(By Wire to the Morning Star.)

Washington, June 7.—Reviewing the interests of his State in the tariff bill, Senator Bacon, of Georgia, on the floor today, declared that he was not in favor of raising any of the custom duties. This, he said, was in view of the fact that Georgia was the first of the Southern States in the aggregate of its manufactures. Although the mills of his State make some of the more expensive cotton goods, he said the people there were willing to depend upon their nearness to the cotton fields and other conditions to uphold their ability to compete with others.

CLASH ON TARIFF

Senators Beveridge and Aldrich Republicans Locked Horns Yesterday.

MANY SHARP CONFLICTS

Indianian More Than Match For His Antagonist But Aldrich Won in Voting—Accused Beveridge of Being Democrat.

(By Wire to the Morning Star.)

WWashington, June 7.—The Senate chamber was again today transformed into a mental arena and Senator Aldrich, leading the conservatives,and Senator Beveridge heading the progressives, were the chief gladiations. Both were frequently on their feet, and there were many sharp cinflicts between them.

Beginning the session with a vote on the recommendation of his committee for a duty of three cents a square yard and 20 per cent. ad valorem on the fabric known as window hollands, Senator Aldrich was apparently somewhat encouraged over the prospect of making decided headway with the cotton schedule. His hopes were, however, doomed for early disappointment for only a few moments afterward, Mr. Beveridge took the floor and before he concluded had opened such a gap that the Rhode Island Senator himself could not resist the opportunity to walk in. Mr. Beveridge having said that he had been inclined to support the recommendations of the finance committee, the admission led the chairman of the committee to say that he had shown such inclination by his vote.

Coming back, the Indiana Senator asserted his right to follow his conscience rather than the leadership of any individual.

From that time forward the two Senators were engaged in joint debate much of the time during the day. In the course of his remarks, Mr. Aldrich while contending that many prohibitive tariffs were justified, said he never had favored a prohibitive policy. He predicted that the South would become the greatest manufacturer of the finer grades of cotton goods.

Replying to this assertion, Senator Bacon declared that even if such should prove to be the case he would not favor any increase of the customs duties. He believed that natural conditions in Georgia and the other Suthoern States would prove the best protection for their manufacturers.

About the middle of the afternoon the Senate reached its second vote, which was on a proposition by Senator Dolliver, which had for its purpose the striking out of the committee's provision fixing a duty of one cent a square yard for the process of mercerization. The amendment was lost by the unusually close vote of 32 to 38. The narrowing of the margin was, however, due to the absence of Senators rather than to the conversion of the progressives to the Aldrich standard.

It was after this vote that Senator Aldrich found ocasion to again challenge the attitude of some of the Republican Senators who are contending for lower duties. He charged them with playing the part of brigadier for the Democrats, and speaking of Senator Beveridge, he declared that he had associated with the Democrats so long that he was adopting their ideas. He characterized Mr. Beveridge as the leader of the opposition.

Both Senators Beveridge and Cummins replied, the former asserting that he was simply standing on the Republican platform, while the latter stated that he had been so often charged with being a Democrat that the charge did not worry him.

Senator Bailey found cause for congratulation in the situation because, as he said, he believed it would inure to the advantage of the Democrats.

During the day Senator Smith (Michigan) found occasion to attack the position of Secretary MacVeagh as the mouth-piece of the administration on the tariff situation. He intimated that he did not consider the second member of the President's Cabinet a reliable leader on this subject because of his former Democratic proclivities.

Late in the day the progressive Republicans gained a concession from the finance committee for the removal of rubber goods from the cotton schedule, thus preventing the imposing of a duty on such goods because of the cotton in them.

The cotton schedule was completed at the night session of the Senate which lasted until 10:08 o'clock. The Dingley rates were restored on hosiery, making a reduction of about 20 cents a dozen pairs from the rates of the House bill.

Tomorrow the woolen schedule will be taken up.

Porto Rican Bill Passes House.

Washington, June 7.—After having traveled a thorny path for a month, the House of Representatives today passed the Porto Rican bill without amendment. The bill provides that whenever the Legislature shall fail to make the necessary appropriations for the ensuing fiscal year those for the current year shall be considered as in force. At 3 P. M. the House adjourned until Thursday.

SOUTHERN HEROES

Confederate Reunion Opened in Memphis With Great Attendance.

HOTELS PACKED AND JAMMED

Bluff City Extends Royal Welcome to Visitors—City in Blaze of Glory. Regular Programme Begins Today.

(By Wire to the Morning Star.)

Memphis, Tenn., June 7.—With the Stars and Bars and the Star Spangled Banner flapping largely and imicably in the soft breeze of a typical Southern day; with the pictures of Southern heroes aligned with those who fought for the North; with the streets filled with thousands of visitors; with here and there through the throng the soft gray and gold of the cause that millions revere, the Confederate Veterans' Reunion began today.

The formal programme does not begin until tomorrow, but all day long special and regular trains puffed noisily into the Bluff City of Tennessee, and disembarked their thousands of passengers upon the platforms. The hotels, taxed to their capacity, have utilized every spare inch of space and and the halls and corridors are filled with narrow cots upon which repose good-natured but enthusiastic visitors to the re-union. From every store and office and private residence are strung the national colors. The Stars and Bars and the united country's flag float side by side on every hand. Big signs tell of State, department and division headquarters. Uniformed and courteous guides are at the service of visitors, and to even look in doubt means a polite offer of assistance from both the men and women who wear the badge, "I live here—ask me."

There probably never has been a Confederate reunion at which the arrangements have been so complete of the details so ably worked out. It is almost impossible to walk through any depot in Memphis without some courteous stranger inquiring "Are you a visitor?"

Information bureaus abound and no one can complain that accommodations are not furnished. At a huge mess hall in Main street a commissary has provided meals three times a day for the old boys in gray. There are the familiar beans and bacon, the hardtack and coffee in addition to all the delicacies that the market can supply. Handsomely gowned and dainty Southern matrons and maids superintend the preparation of food as well as the serving of it, and see that the more timid and helpless of the old veterans are not slighted. The town is a myriad of lights and every resident has constituted himself a formal reception committee to see that every visitor is taken care of.

The real business of the reunion begins tomorrow at 10 A. M., on convention when Major General J. H. McDowell will call the assembly to order. There will be the usual preliminaries, the addresses of welcome and responses, and the convention will get down to business.

There will be a floral parade in the afternoon, a meeting of veterans and Sons of Veterans to honor the Women of the Confederacy in the evening and a boat ride on the Mississippi.

In the afternoon there will be placed on view the bronzes designed for the State monuments in honor of the women of the Confederacy.

HURRY WORK ON BATTLESHIPS

The Kansas, the Georgia and the Idaho Undergoing Alterations.
(By Wire to the Morning Star.)

Philadelphia, June 7.—The Philadelphia navy yard is the scene of unusual bustle and activity these days as a result of efforts that are being made to rush the work on the battleships Kansas, Georgia and Idaho, which are under orders to leave the yard on June 15th to joint the reorganized Atlantic fleet at Norfolk for the Summer cruise.

The three battleships which have been at the yard since shortly after their return from the round the world cruse have been undergoing extensive alterations. The most obvious changes are the removal of the greater part of the upper works, the applying of the new regulation lead-colored paint and, most striking of all, the replacing of the familiar type of military masts with the new fire control masts, constructed from many small iron pipes, interwoven like basket work.

CRUISE OF THE MIDSHIPMEN

War Ships Go to Annapolis to Take Cadets on Board.
(By Wire to the Morning Star.)

Annapolis, June 7.—The Cruiser Olympia, flagship, and other ships of the practice squadron, sailed from the Naval Academy today for the annual practice cruise of the midshipmen.

The squadron, under command of Captain A. C. Gove, will cruise in the Chesapeake until they reach Hampton Roads on Thursday, from which place they will said for New London and the New England coast on Monday.

BALLOONS HAVE LANDED

One Touched in Tennessee and Sailed Onward—One of Them Sailed Three Hundre and Forty Miles—Report of Race.

(By Wire to the Morning Star.)

Indianapolis, Ind., June 7.—If the balloon Indiana did not disqualify itself by touching earth, it broke the American endurance record which has stood for a year at 44 hours. Starting in the National distance race of the Aero Club of America from Indianapolis Saturday afternoon, two reports have been received from the Indiana. The first was that it had touched the earth in Tennessee and had taken on water and proceeded south. If this be true, the balloon is disqualified under the rules of the International Aeronautic Federation. A second dispatch signed by the pilot, Carl Fisher, and the aide, G. L. Bumoaugh, stated that they dropped down near enough to earth to let down a line and draw up a bucket of water, thereafter rising for further travel. Under the latter conditions the Indiana is not disqualified.

It is not possible according to available information that the Indiana broke the distance record of 852 miles, for it had not room enough.

The last of the six balloons, which entered in the distance race, from which a definite landing report was subsequently received, is the St. Louis, Third, which dropped at Kelso, Tennessee, having covered about 249 miles. The other balloons landed as follows, covering the following approximated distances:

New York, A. Holland Forbs, pilot, landed at Corinth, Miss., covering 375 miles in 36 hours and ten minutes.

The University City, of St. Louis, traveled 240 miles, landing at Blanche, Tenn., time 25 hours and 24 minutes.

The Hooiser, Captain Baldwin, pilot, traveled 240 miles, landing at Greenbrier, Tennessee.

The Cleveland landed at Columbus, Ind., 40 miles, two hours 55 minutes.

Corinth, Miss., June 7.—The balloon New York, A. Holland Forbes pilot and Clifford B. Harmon landed two and a half miles from here at 5:10 o'clock today. Mr. Harmon said:

"The only incident to mar our trip was about 10 o'clock Sunday night as we were passing over the center of Morgan county, Alabama. Expecting to land in the wilds of Canada, we were loaded with guns, ammunition, heavy shoes and clothing, and canned goods.

In an endeavor to find another air current to carry us higher, we decided to throw away about 300 pounds of this stuff. Not wishing that it should be lost in the fields, we descended to within 900 feet of the earth and began distributing it where it would be found—near houses and villages.

"When directly over a very small village, 10 miles north of Birmingham and in the center of Morgan county, a man with a rifle cried: "Come down here d—n you, or I will bring you down."

"We continued our course and he fired three times, one of the bullets singing through the basket. Officers have been sent out from Corinth in an endeavor to arrest the man."

Nashville, Tenn., June 7.—The Indianapolis landed within two miles of West Moreland and the aeronauts, R. I. Irwin and Dr. Goethe Link came down to Gallatin today. Dr. Link said:

"We were forced to fly more than two miles high over most of Kentucky, as many people not knowing what the balloon was, repeatedly shot at it and bullets whizzed around the ears of the aeronauts, causing us to hastily ascend."

LEGAL MEANING OF WHISKEY.

Blended Spirits Not Illegal or Incompatible With Law.
(By Wire to the Morning Star.)

Washington, June 7.—Whiskey, in the legal meaning of the word, is whiskey even when colored or flavoring matter is added, according to an opinion rendered to President Taft by Lloyd W. Bowers, solicitor general of the United States. He holds that as such coloring and flavoring have been used in all the history of whiskey, such addition cannot be illegal or incompatible with the name whiskey. The decision, however, is not the final word in the case.

TORPEDO BOAT AGROUND.

Stuck Hard and Fast at Morehead City Yesterday Morning.
(By Wire to the Morning Star.)

Morehead City, N. C., June 8.—The torpedo boat Winslow ran aground this morning not far from the Atlantic Hotel, Morehead City. This is the boat on which was Worth Bagley, who was the first man killed in the Spanish-American war. High tide has so far failed to float her. The vessel is stuck hard and fast.

At Washington yesterday ten army officers were ordered to report to the commandant of the Coast Artillery school at Fort Monroe, August 28, for the purpose of taking the advanced course at the school. The are: Captains John C. Gilmore, Jr., George A. Nugent, Jacob C. Johnson, Jacob M. Coward, Francis H. Lincoln, John C. Ohnstad, Edward Canfield, Jr., and Lieutenants William R. Bettison, Claude E. Brigham and George W. Cocheu.

It was joyous news that the local fans received at the baseball matinee at Struthers' yesterday afternoon when Wilmington took the scalp of the doughty Railroaders at Rocky Mount on their own grounds, the score having been six to one. Rube Howard was on the slab for the locals and yielded but five hits while the Sailors garnered 10 off O'Gara, the slab artist for the Railroaders.

Brodie was back in the game and two safeties from his willow tells its own story. None of the new men had apparently reported as Levy was on first, Jayes played short and the pitchers and catchers supplied with Brodie the outfield. Wilmington started the fireworks in the very first inning when Sharp walked and was sacrificed by Wolf; Smith also got free transportation and then Brodie lined down in centre, scoring Sharp; Levy then hit to second base and on fumble Brodie and Smith raced across the plate. Then Kite, who garnered three hits during the game, singled to centre and was sacrificed by Jayes but Sexton ended the spasm by fanning. One more was added in the second after Howard flew out to centre, Sharp again walked and stole second, Wolf flew out to catcher, and Sharp scored on Smith's drive to left for two bases. Brodie out, pitcher to first.

There was nothing doing for either team until the sixth when Wilmington added two more when Kite led off with a single to left, Jayes hit safely to pitcher and Sexton did the same, the two first named crossing the plate on Howard's hit to second and fumble by Lambert, Sexton; however being caught. Sharp flew to rightfield and Wolf fanned.

Rocky Mount got her lonesome run in her half when Krebs was safe on error and stole second while Sorrell walked and then both pulled off a double steal, the latter scoring on Stephens' hit to short. In the eighth Rocky Mount bunched two hits by Krebs and Sorrell and James was safe on hit to pitcher but two following players were retired in short order. In the ninth Smith got another double to left and was sacrificed by Brodie but was out trying to squeeze play home. In Rocky Mount's ninth, Moran led off with a double to right and was advanced to third, but was caught napping there.

Wilson, N. C., June 7.—In a fast game this afternoon the Giants were made to look like pigmies alongside the Tobaconists. Anderson's work was marvelous. THE BUSINESS OUTLOOK.

The one thing in which all of us are specially interested just now is the prospect of a revival of business. It has generally been agreed that if we have good cotton, grain and other crops in the United States there will be a steady recovery from the long and trying depression consequent upon the panic—rather say the recent panic. The crop news so far is generally favorable, and in the large financial centres confidence is being rapidly restored.

It is gratifying to note the impressions of the healthy conditions in New York. The Financial Chronicle, published in that great commercial centre, says the most distinguished feature of the financial situation is the unmistakable revival in trade. Says the Chronicle:

"The improvement is proceeding in a steady widening circle. The buoyancy and activity manifest in our Stock Exchange this week in such a conspicuous degree are but a reflection of the growing betterment of trade affairs. At first it was merely the iron and steel industry—that most important of the country's industries—that revealed signs of new life. Now evidence to the same effect is discernable in many other quarters. It is marvelous what a transformation has occurred in men's hopes, and their views also, within the period of the last 12 months. Just a year ago mercantile and industrial affairs were at their lowest ebb and the whole country was in the deepest despair. Confidence seemed to be completely gone and the outlook was gloomy in the extreme, with scarcely a bright spot on the industrial horizon. Now every one is buoyed up with new hope and the future is once more viewed with unabated confidence.

"The change is the more remarkable inasmuch as it comes at a period of the year when the disposition usually is to proceed with the utmost caution, and for obvious reasons. We have just entered upon a new crop season when the unavoidable uncertainties attending the raising of our mammoth supply of agricultural productions, upon which so much depneds, are present in every one's mind, since experience teaches that the future course of trade will in large measure be controlled by the question whether the new stores of nature's bounties are to be meagre or abundant."

The Star's commercial news from New York have recently indicated a healthy tone there and elsewhere, while the news from the industrial circles show a buoyant tendency. Properity really seems to be coming again, but let us note that the New York financiers do not attribute it to politics or the Republican party, but to the crops. The farmer, after all, is the prosperity producer, and upon the crops the outlook depends. As to the crops the Financial Chronicle, which is in a position to speak accurately of conditions, says:

"All things considered, the outlook now would seem to be fairly promising, better than last year, and capable of further improvement under future normal meteorological conditions."

PROLIFIC CORN.

A dispatch from Statesboro, Ga., to the Savannah News, states that Mr. J. W. Rustin, of Brooklet, Ga., has a crop of corn which is wonderfully prolific. One stalk from his field is alluded to as a freak of nature because it contained six well matured ears on the stalk, while there are two thin but well matured ears on the tassel. Mr. Rustin says he has a large field of this variety of corn, six ears to the stalk, and he has come across several others in the field with two ears coming out at the tassel.

There is something remarkable about this corn, if it is true that the average is six ears to the stalk. Recently the farmers think nothing of growing three or four ears where one used to grow, but if the Georgia farmer has a variety that produces from six to eight ears to the stalk he should save it all for seed.

Says the Charlotte Observer: "It is said that there are only twelve officers in the British army who can speak the German language. How will the rest of them surrender when Kaiser William's armies make that long expected invasion of his uncle's insular dominions?" Don't Worry. When a gun is drawn most any man will be queck to give a sign that any Dutchman can interpret into. "Don't shoot; I'l' come down."

"Now is the time that the graudate comes out of the college," remarks an exchange. Here's hoping that the graduates, who will now enter upon some career, will not come out at the little end of the horn.

The news comes from Shelby that the Rev. Baylus Cade, once editor of the Progreessive Farmer—preacher, politician, editor and poet—now a resident of Boiling Springs, Cleveland county, N. C., has invented and patented a typesetting machine. It is claimed that it can be manufactured and sold for $500, and that it will revolutionize typesetting and greatly reduce the expenses of publishers.

Sunday's Charlotte Observer publishes a page article on P. S. Ney, who once taught school in the neighborhood of Charlotte, and asks this question in the headline: "Was He Marshal Ney?" We venture the anticipation that Dr. Hemphill, of the Charleston News and Courier, will not be long in answering, "Ney, Pauline."

The order of President Taft and Secretary of the Navy Meyer, forbidding Naval Academy graduates to marry until after they have been in the service two years, is a good way to encourage romance. A few secret marriages will prove it.

A New York married man sixty years old masqueraded as a duke and marrried an heiress twenty years of age. The man practiced fraud and deceit, and married men in general are warned not to try to follow his example just because he succeeded.

Senator Aldrich declares that it would take the average Senator ten years to understand the tariff. He surely must think they are as deficient in their understanding as the people who insist on writing on both sides of the paper when they send a communication to a newspaper.

A woman in Kansas City built her own house. She has every right, therefore, to "raise the roof off the house" whenever she takes a notion to get rough.

President Taft has clearly won the distinction of being ranked among the baseball fans. He recently kicked at the decision of an umpire.

What we want to see is an airship that will go up and stay up without coming down when you least expect it.

CURRENT COMMENT.

—North Carolina lost three Congressmen in the last election and this business of talking about reading senators out of the party because their views don't agree with yours is not the proper spirit. Better stick together.—Newbern Sun.

—There is an attempt in the West to broaden the area of tobacco production this year and it will very likely prove successful. New interest is awakened in Missouri ,especially, and a strong attempt will be made to plant a large crop in that State, which for years has lessened its area of tobacco culture. This large increase in Western acreage must have its effect on common tobacco grown in Virginia and North Carolina next fall. The farmer cannot take present prices as an index of what they will be next year, except that if they index anything at all it is low prices eight months hence.—Southern Tobacco Journal.

—The public services of Mr. Henry Walters, of Baltimore, were aptly recognized yesterday in the degree of doctor of laws conferred upon him by Georfetown University, his alma mater. Mr. Walters' interest in the diffusion of culture and in the physical welfare of his fellow-men constitutes a force for good which merits approbation equally with the academic acquirements of students of the arts and the sciences. He himself, in fact, has been to some purpose a student of arts and sciences, and by his enlargement and enrichment of the Walters Gallery he has contributed as much to the uplift of his compatriots as the founder of a college could do. His generous liberality to the needy, his taste for the beautiful in every art and his effort to promote the development of qualities that dignity humanity have been well known in this city, and it is gratifying that the degree of doctor of laws, just conferred, will give these qualities the widest appreciation.—Baltimore Sun.

TWINKLINGS.

—Chum—"Why don't you assert your authority as head of the family, and take matters in your own hands?" Head of the House (mournfully)—"My wife won't let me."—Baltimore American.

—The Editor—Look here! You've engaged a married woman to run our "Home and Mother department. The Sub—Yes, but she's only been married three months, and she lives at a hotel She'll be all right, I think.—Cleveland Leader.

—"Never trust to synonyms," said the man who was threatened with a breach of promise suit. "What is the trouble?" "I wanted to say something fancy, so I wrote, "veritably thine' instead of 'yours truly.'"—Washington Star.

—"You've been courting me now for a number of years, George," remarked a girl to a young man, according to the Philadelphia Inquirer, "and I want to make a little leap year proposal." "I—I am not in a position to m-marry just yet," stammered the youth; but"—"Who said anything about marriage?" iterrupted the girl. "I was going to propose that you stop coming here and give somebody else a chance."

Woman's Beauty

Dependent on Health

A woman's beauty is dependent on her health. To keep your beauty you must keep your health. Sickness and suffering leave their traces, pain robs you of your good looks. Women generally have come to realize that to be beautiful and attractive they must give attention to physical fitness and health.

Thousands of women suffer from ailments generally designated as "female trouble," thinking it is the natural lot of their sex to suffer so. This is a mistaken belief. Nature invariably has a cure for her children's ills.

Thousands of women have found permanent relief and help for their sufferings by using that natural, herbal medicine—Cardui. Cardui is a pure, non-intoxicating preparation, made specifically for women, which has grown steadily in favor during the past 50 years. Letters pour in every day expressing the gratitude of the writers, who have been relieved of their misery and restored to health.

When you are nervous or sick, get Cardui from your druggist and try it.

N. B. Upon request, we will send you, free of charge, our valuable, illustrated 64-page book "Home Treatment for Women." In it you will find useful information regarding the treatment of female troubles.

Falling In Love.

I do not doubt that as the world goes on a deeper sense of moral responsibility in the matter of marriage will grow up among us. But it will not take the false direction of ignoring these our profoundest and holiest instincts. Marriage for money may go, marriage for rank may go, marriage for position may go, but marriage for love, I believe and trust, will last forever. Men in the future will probably feel that a union with their cousins or near relations is positively wicked; that a union with those too like them in person or disposition is at least undesirable; that a union based upon considerations of wealth or any other consideration save considerations of immediate natural impulse is base and disgraceful. But to the end of time they will continue to feel in spite of doctrinaires that the voice of nature is better far than the voice of the lord chancellor or the royal society and that the instinctive desire for a particular helpmate is a surer guide for the ultimate happiness both of the race and of the individual than any amount of deliberate consultation. It is not the foolish fancies of youth that will have to be got rid of, but the foolish, wicked and mischievous interference of parents or outsiders.—Grant Allen.

Knew the Sound of Wood.

There was an argument on a cricket field in a village near Nottingham, England, which interrupted the game for some time. The match was being played between the local tradesmen of the village. All went well until the bowler, who was the village constable, a man over six feet tall, sent a ball which bumped up from the ground and hit the village butcher, who was batting and who was exceedingly fat and perspiring freely, on the head. The wicket keeper, a remarkably thin and agile man, who was the village grocer, caught the ball and yelled, "'Ow's that?"

"Hout!" shouted the village baker, who possessed only one eye.

"Hi say now!" roared the fat butcher, who refused to have it so. "But hit 'it me on the 'ead."

"Hi don't know where hit 'it you," responded the umpire, who was the village undertaker, "but Hi knows the sound of wood when Hi 'ears hit, so hout you go."

Said What She Meant.

"Oh, I am so awfully ashamed of myself!" said Edith Jones to her dearest girl chum. "When Henry proposed to me last night I intended to say, 'So sudden!' but I quite lost my head and exclaimed, 'At last!'"

An Exception.

"Animals," said the teacher, "frequently become attached to people, but plants never do."

"How about burs, teacher?" queried the small boy at the foot of the class.—Chicago News.

Hard to Tell.

Miss Oldgirl—Do you think Mr. Sniffkins is sincere when he writes that he loves me more than tongue can tell? Miss Peachblow—I dare say. He's tongue tied, you know.

A Thoughtful Boy.

Anxious Mother—Johnny, is it possible that you, as sick as you claim to be, have eaten that whole rhubarb pie? Johnny—Yes, mamma. You know the doctor said my system needed rhubarb, and I thought I'd better take a good dose of it before I got any worse.—Chicago News.

The Answer.

"'Widow' and 'window' are very much alike."

"Well, and what's the answer?"

"When I get near either I always look out."—Boston Transcript.

PROMINENT ITALIANS

Representatives of Influential Group Interested in Immigration Movement.

INSPECTING LOCAL PROJECT

Distinguished Party From New York Most Favorably Impressed With St. Helena Colony—Gave Interesting Interviews.

Entirely satisfied that all members of the colony are enjoying happiness, contentment and prosperity in its broadest sense, impressed with the excellent climatic conditions, enthusiastic over the future prospects of the colonists and carrying a deep conviction that the undeveloped resources of Eastern Carolina are unequalled anywhere in the world, the distinguished party of Italian editors and an English magazine writer of note, who spent Saturday at St. Helena, near Burgaw, left Sunday evening for their homes in New York city.

The party included Mr. Frank L. Frugone, editor and proprietor of the Italian Evening Bulletin, one of the most influential Italian journals published in New York; his daughter, Miss Marie Frugone, an accomplished young woman and a member of the Bulletin's editorial staff; Miss Alice Bennett, a well known magazine writer who has devoted the past 20 years to the study of the Italian race, having made several trips to Italy to obtain a more intimate knowledge of the people, their habits and their customs, and Mr. E. Valentini, of the Italian Herald, of New York, who brought the first settlers to St. Helena for the C. T. D. Co.

The party including Mr. N. C. Adossides, of this city, spent Saturday at St. Helena as the guest of the C. T. D. Co., and after making a thorough inspection of the colony, ascertaining to the most minute detail the conditions existing there, a visit was made to Castle Haynes, to see the colony there, driving back to Wilmington late in the afternoon. Sunday afternoon the visitors were the guests of the C. T. D. Co., at Wrightsville, going out on a special car at 12:45 P. M., and returning late in the afternoon. The visitors were very much impressed with the beach and the grandeur of its scenery. Mr. Frugone said that it was Coney Island of 20 years ago and expressed the wish that it was possible for him to spend the Summer there.

The members of the party were interviewed regarding their visit to the colony as to the present conditions and the opportunities for future development and a more enthusiastic people would be hard to find.

Mr. Frugone, who has taken a deep interest in the colonization movement for many years and whose opinions expressed through the columns of his paper, carry great weight with not only Italians, but citizens of other nationalities, was perfectly amazed, to use his own language, to find such excellent conditions at St. Helena. Upon arriving there he was very much impressed with the sight of many bright and healthy looking children, a spectacle denied in congested New York City. The houses were all clean and neatly kept and the farms were excellent. He stated that on several occasions he had printed articles in his paper regarding the great work being done at St. Helena, but never dreamed that the members of the colony were doing so well and progressing so rapidly. He was much impressed with the co-operative store system which enables one colonist to aid the other. The fact was there had been no trouble among the colonists of any consequence and all seemed to be perfectly happy and growing rich. He predicted that the children of today would become millionaires from the fruits of their labors. He regarded the colonization idea as the only correct solution of the immigration problem and in this way the vast resources of North Carolina and the South could be developed, putting money into the pockets of the colonists and the people of the State, thereby enriching the whole people.

Mr. Frugone is very familiar with the colonization interests in California, being a personal friend of Fontana, who went to that State some 40 years ago a poor boy, entered into the fruit growing and canning business and today is regarded as one of the strongest Italians on the Pacific coast, and others of note, who have been prosperous in that State. The opportunities there, he said, could not be compared with those offered in North Carolina. The climate is very much like that of Italy, which fact makes it better for the settlers here from that country. The climate here is much better than California because it is not so windy.

Mr. Valentini was very happy indeed to find the people getting on so nicely. This was his fifth visit to Wilmington and St. Helena and he grows more in love with the country with each visit. He is a representative of the Italian Herald, of New York, and very prominent in councils of his people. He came here some four years ago to investigate the colonization plan of the Carolina Trucking and Development Company and finding everything to his liking returned to New York, and later, in Northern Italy, he banded together a party of 17 immigrants, bringing them to St. Helena where the colony was planted. It made him feel good to be told by the colonists that every promise he had made them before they came here had been more than fulfilled and that they were never so happy in their lives. He was pleased to learn that within a few days a school is to be started there for the training of the young minds. The boys and girls have been attending school at Burgaw, where they have made rap-

Dear Sir:

Whatever may be your business, you cannot make progress without connecting with a banking institution offering facilities which will enable you to compete with other business men.

Many merchants and traders are handicapped because they do not enjoy the advantages offered by a modern banking service. A service in which the personal element is entirely eliminated, and each application or transaction is treated upon its business merit.

This institution is conducted upon the broad principle of having no favorites, and adhering strictly to the requirements of the United States Government, by which it is supervised.

At the same time, the bank takes special interest in being of service and offering all legitimate encouragement to the small merchant, the young business man, and any worthy industry.

Your account would be welcomed, regardless of its size.

Yours truly,
THE SOUTHERN NATIONAL BANK.

—The fire department was called out at 2:10 o'clock yesterday afternoon in response to an alarm from box 52, Seventh and Queen streets, on account of a small blaze on the roof of the house at 615 Ninth street, owned by D. O'Connor and occupied by Mary Macon, colored. The damage was trifling.

—There were three port arrivals yesterday, the steamer Sabine, Captain C. M. Hale, of the Mallory Line, in place of the Navahoe, which is laid up a few days for repairs; the schooner Wm. Thos. Moore, Captain Bell, New York, with cargo cement for the Seaboard Air Line, and the schooner Percy Birdsall, Captain Holmes, New York, for cargo from the Empire Tie Co.

—A quiet home wedding was solemnized Sunday evening at 9 o'clock at the home of Esquire W. McD. Evans, No. 817 North Third street, when Miss Estelle Flynn, daughter of Mr. Owen C. Flynn, of Bladen county, and a niece of Mrs. McEvans, became the bride of Mr. D. J. Prease, Rev. C. F. Whitlock, officiating. Mr. and Mrs. Prease will reside at Third and Brunswick streets, where they are receiving the happiest congratulations of their friends.

SOLDIERS AT FORT CASWELL.

Annual Maneuvers of the Coast Artillery Begins Today.

The maneuvers of the four State National Guard companies, Wilmington, Newbern, Greensboro and Salisbury, composing the Coast Artillery Reserves, will formally begin at Fort Caswell today, the members of the different companies arriving at the Fort yesterday afternoon. The Guards will be engaged in the maneuvers for ten days.

Forty-five members of the Wilmington Light Infantry will participate in the maneuvers. A majority of them went down on the steamer Southport leaving the city at 10 o'clock yesterday morning, but some went on an earlier boat and some remained in the city until yesterday afternoon. The three other companies arrived in the city during the day and went down yesterday afternoon. The Newbern company went on the steamer Madeleine, leaving at 2:30 o'clock P. M.

The regulars at Fort Caswell will take part in the maneuvers, which will be under the supervision of the commanding officer there. The State companies are under command of Major Max L. Barker of Salisbury.

MARRIED SUNDAY

Miss Gertrude Lewis Becomes Bride of Mr. Wm. B. Daniels.

A marriage of much interest to many friends took place in the Church of the Good Shepherd at 2:15 o'clock Sunday afternoon, when Miss Gertrude Lewis, the attractive daughter of Mrs. Margaret Lewis, became the bride of Mr. William Bell Daniels, the ceremony being performed by Rev. Wm. E. Cox, rector of St. John's Episcopal Church, in the presence of a large number of the relatives and friends of the contracting parties. The beautiful ring ceremony of the Episcopal Church was used. Miss Beatrice Lewis sister of the bride, was maid of honor, and Mr. Ernest Irvine acted as best man.

Immediately after the ceremony the happy couple went to the union station and left on the 3:10 o'clock train for Sumter, S. C., where the bridegroom is engaged in the plumbing business. Mr. and Mrs. Daniels have many warm friends in Wilmington whose best wishes follow them.

THE BOARD OF ALDERMEN

Regular Monthly Meeting Last Night. Budget Finally Passed—Ordinances Repealed and Near-Beer Law Not Urged.

The regular monthly meeting of the Board of Aldermen was held last night at the City Hall and continued until after 10 o'clock, though routine business largely engaged the session. The budget as it came over from the Board of Audit and Finance was approved as to all matters finally agreed upon, the near-beer label ordinance was tabled and the one requiring horses to be hitched in the street was repealed, all of which will appear from the proceedings as follows:

The Board was called to order shortly after 8 o'clock, Mayor MacRae presiding and all members present except Alderman Yopp. Mr. Anderson, of the firm of Hazelhurst & Anderson, engineers of Atlanta, Ga., who have been employed by the Water & Sewerage Commission to prepare plans for the enlargement and improvement of the water plant, appeared before the Board and made a statement in regard to the proposition for the purchase or installation of a sewerage system for which he was thanked. After reading minutes of the preceding meetings, the regular order of business was taken up with the reading of monthly reports, that of the Treasurer showing balance of $66,326.63 May 1st, receipts during the month, $8,296.22, making a grand total of $74,622.85, out of which the disbursements were $16,883.75, leaving a balance of $57,739.14 on June 1st. The Treasurer also read an annual statement for the fiscal year, showing the balance as stated.

Reports of standing committees were then called. Chairman Ellis, of the Sanitary Committee, reported progress on the drain on Eleventh between Castle and Queen streets. City Attorney Herbert McClammy, under head of Streets and Wharves, presented the claim of Chas. S. Riley & Co., for a hydrant at their box factory in the eastern part of the city, and a roadway to the property. Ex-Alderman Wood, who was present, made a statement as to the action of the former Board, the matter having been referred to the Water Commission at that time, the same action having been taken again last night.

Chairman Hall, of the Finance Committee, read the budget for the current fiscal year as approved by the Board of Audit and Finance. Upon motion of Mr. Willard and second by Mr. Karr, after a statement by Chairman Hall, the Board of Audit and Finance was requested to restore the salaries of city officials to the former amounts, the Board disclaiming any recommendation for a retrenchment in this regard. The changes suggested by the Board of Audit and Finance were concurred in with the exception of the contract system for the street work, which Chairman Bonitz said he was prepared to show would be more expensive than under municipal control.

Mr. Bonitz moved a repeal of the ordinance by the former Board requiring horses to be hitched and after some discussion, the law was repealed. Mr. Stone in this connection offered an ordinance increasing the speed limit of automobiles from eight miles to 15 miles an hour, except around corners when the speed shall be not exceeding four miles, a fine of $10 to be attached. Mr. Stone said the present law was violated daily and a reasonable limit should be made and maintained. After some discussion, the maximum limit was made 12 miles and the ordinance passed, but upon objection of Mr. Karr unanimous consent could not be had and the matter went over to next meeting.

A resolution by Mr. Stone requiring chairmen of departments to furnish at once to the Mayor an inventory of all city property in their charge and providing that hereafter all purchases be made upon requisition of the chairman and countersign by the Mayor, was read. The first section of the resolution was adopted, but Mr. Ellis and others objected to the purchasing agent feature in the last half of the resolution and the same was overwhelmingly defeated.

The Water Committee was authorized to place a drinking fountain for animals at or near 17th and Market street. Petition of citizens through Alderman Fales that Dawson street be macadamized, so that water hydrants will be available, was referred to the Street Commission. Requests of Alderman Stone that Orange, between Sixth and Eighth streets, be repaired, was referred to the Streets and Wharves Committee.

The ordinance offered by Alderman Ellis requiring all beverages to be labelled that contain any per cent. of alcohol, the same having gone over from last meeting on objection of Mr. Karr, was brought up and Mr. Ellis stated that for reasons satisfactory, he would not urge the passage of the law. Then, on motion of Mr. Karr, it was tabled.

The Mayor stated the great difficulty of enforcing the prohibition law and said the worst evil seemed to be the continuance of cases and the pressure brought to bear upon witnesses in the meantime. In this conection, the matter of the abandonment of the city prison was referred to the Police Committee with power to act after conference with the county authorities.

City Attorney McClammy, at the request of the Mayor, made a statement in regard to the condemnation of the S. A. L. property and discussed at some length the status of the city attorney, saying that his duties should be clearly defined so that he should know how to proceed. Upon motion of Mr. Bonitz it was adopted as the sense of the Board that when the city attorney finds the interests of the city in jeopardy that he proceed to take such legal steps as are necessary without further authority.

Upon motion of Mr. Bonitz, the custom of keeping the city back tax book at the office of the city attorney, was abolished and the book hereafter will be kept at the office of the City Clerk and Treasurer after being turned over for collection.

The Mayor called attention to the dangerous condition of Sixth street bridge and the Streets and Wharves Committee was instructed to take up the matter of an iron bridge at once; also needed repairs to Fifth street bridge.

Alderman Ellis called attention to unbearable dust conditions caused by heavy street car traffic on Princess street and asked that either the street car company be required to abate these conditions or that the Streets and Wharves Committee take up the matter. It was so ordered and the Board adjourned.

DAVIS-KEEN

Marriage of Popular Wilmington Young Couple Tomorrow Night.

At the home of the father of the bride, Mr. Charles H. Keen, 202 North Seventh street, Wednesday evening at 8:30 o'clock Miss Florence Keen will be united in marriage to Mr. J. Marsden Davis, formerly of Southport, but at present holding a responsible position with the Atlantic Coast Line. The ceremony will be performed by Rev. Wm. E. Cox, rector of St. John's church, and will be witnessed by a number of their friends. Mr. H. W. Caldwell, of this city, will be best man, and Miss Jennie Keen, sister of the bride-elect, will be maid of honor. The home will be prettily decorated for the happy occasion. Following the ceremony a supper will be served the bridal party.

Remains Brought Here.

The remains of Mr. Benjamin Turlington, who died in the State Hospital at Raleigh Saturday morning, were brought here Sunday afternoon and interred in Oakdale cemetery. The funeral services were held at the grave, conducted by Rev. K. D. Holmes, pastor of Fifth Street Methodist Church. The pall-bearers were Messrs. J. Love Davis, Wilbur Dosher, H. M. Cornwall and D. G. Register. Mr. Willis Turlington, of Bennettsville, S. C., a brother of the deceased, was here for the funeral.

BEFORE THE RECORDER

Several Minor Cases Were Disposed Of Yesterday Morning.

The Recorder's court was held in the Court House yesterday morning. Several cases of minor importance were tried. John Joseph, a colored youth, charged with stealing The Morning Star from the doors of subscribers, was ordered given a sound thrashing and warned by the Recorder that if he was before him again he would deal more severely with him despite his youth.

Julia McNeill and Ada Fulton, colored, charged with an affray, were sent to the county farm for three months each. A case against J. P. Hopewell, charged with disorderly conduct, was continued until Saturday. Walter Pigford and D. B. Green were required to pay a fine of $5 each and the costs in the case for drunkenness. The cases against Hartsfield Crandall, a white man, charged with the larceny of a watch from Lee Justice and selling whiskey to Justice and Ed. Green, were continued until today at the request of counsel for the defendant, Walter P. Gafford, Esq. Bond was fixed at $500.

The cases against several negroes for selling whiskey, continued from last week, are set for trial today. The cases against Ralph Kennedy for assault and resisting an officer will probably be tried today.

MURDER NEAR MT. TABOR

Young Overseer Killed by Discharged Negro Employe—Rewards Offered.

The police have been asked to keep a lookout for Melvin Watson, a negro wanted at Mt. Tabor, Columbus county, for the murder of young Mr. John Watson, an overseer on the farm of a Mr. Durham just over the line in South Carolina, last Wednesday. The negro had worked for Mr. Watson but had been discharged with some words after which he went off up the road from the Durham farm, armed himself with a shotgun and when the young man later came by in his wagon, he was shot to death by the negro. Citizens searched for the negro several days and the last seen of him was coming in the direction of Wilmington. Rewards aggregating $150 have been offered for the negro's capture, $50 by citizens, $50 by Mr. W. C. Watson, father of the young man, and $50 by the Governor of South Carolina.

COAST LINE SURGEONS

Annual Meeting of Railroad's Medical Men at Seashore Hotel.

A large number of the surgeons of the Atlantic Coast Line arrived in the city yesterday and last night to attend the annual meeting of their association which will be held at Seashore Hotel, Wrightsville Beach, today and tomorrow. A number of the medical men are accompanied by their wives and daughters and business will be combined with the pleasures of the seashore. The visitors will be royally entertained while guests of the city and the beach.

At the meeting this afternoon the visitors will be welcomed by the Mayor in behalf of the city and beach and the response will be made by Dr. J. H. McIntosh, of Columbia, S. C., president of the organization, who arrived in the city Sunday. Following the response the assemblage will have the pleasure of listening to a most interesting address by Mr. George B. Elliott, assistant general counsel of the road, after which the regular programme will be carried out.

Seeking Information.

The Metropolitan Life Insurance Company, of New York, has asked the local police for information concerning the whereabouts of Henry Oldendorf, alias Henry Myers, who left his home at Stuyvesant Heights, N. Y., in 1905, and was last heard of in this city in June of 1906 and was reported to have boarded with Mrs. Litgen, 24 North Second street. It is inferred from the letter that Ed. Stewart, of Brooklyn, son-in-law of the missing man, has presented a claim for life insurance and the company wants to satisfy itself of the death of the insured.

ANNUAL COUNTY TAX LEVY

County Commissioners Fix Property Tax for All Purposes at 46 Cents and Poll Tax at $1.38—Increase for Hospital.

The features of the regular June meeting of the Board of County Commissioners, held in the Court House yesterday afternoon, were the fixing of the annual tax levy and the granting of a request from the Board of Managers of the James Walker Memorial Hospital for an increase of $1,800 in the appropriation made for that institution. The board was in session for two hours, adjourning at 5 o'clock to meet again at 3 o'clock this afternoon at which time the revision of the jury list will be taken up.

The meeting was called to order by Chairman Duncan McEachern shortly after 3 o'clock, Commissioners M. W. Divine, H. L. Vollers and J. P. Montgomery in attendance. In the absence of Register of Deeds John Haar, the minutes of the meeting were recorded by Deputy Register of Deeds C. F. Norwood. After the reading of the minutes Messrs. W. H. Sprunt and Sam Bear, Jr., appeared and asked for an increase in the annual appropriation made to the hospital. In presenting the claims of the institution for an increase of $1,800 a year over the $7,200 allowed now the representatives of the board of managers made interesting statements regarding the work of the hospital. Mr. Sprunt stated that no increase in the annual appropriation had been asked since 1903 notwithstanding the yearly increase in the number of patients cared for and the resultant additional expense of maintaining the institution. In 1904 only 691 patients were treated at the hospital against 1,037 for the year just closing, and the total expenditures for the year amounted to $26,375 of which amount only $12,000 was furnished by the city and county. The board has an indebtedness of between $1,500 and $2,000, and members of the board of managers are continually going down in their pockets to aid in meeting the bills at the end of the month. Both Mr. Bear and Mr. Sprunt mentioned the great improvements made on the institution since it was opened for patients, the enhancement of the property being in the neighborhood of $20,000. Both agreed that the institution was doing a great work among all classes of people of the city, affording them a place where they can be cared for in the best manner at a minimum charge. The Commissioners took the same view of the matter and readily assented to increase the appropriation.

Mr. E. J. W. Anders, county surveyor, exhibited a drawing of the potter's field and stated that the property of the county was being crowded. He owns adjoining property and wanted to know if the Commissioners desired to purchase it. The matter was left with a special committee composed of Messrs. Vollers, Montgomery and McEachern.

Mr. Moses Horn inquired if the Linaker road had been accepted and was informed that it had two months ago. He wanted the board to consider the matter of accepting a road he had opened parallel with and but a short distance from the Linaker road. The Commissioners stated that they could not consider the proposition for the present, but if the road was ever needed they would take up the proposition.

Dr. W. D. McMillan, county superintendent of health, reported seven cases of typhoid fever in the county during the month of May; four cases of fever at the convict camp but none severe enough to require hospital attention. Institutions of the county were reported in good sanitary condition. Dr. McMillan recommended that Jessie Walker, a colored woman, be placed on the pauper's list. Carried.

The bond of Mr. W. H. Shearin, suproads was read showing what had been done during the month of May. At the request of Chairman McEachern the superintendent appended an inventory of the property of the county at the camp.

At the county home 21 patients were treated during the month, seven whites and 14 colored and eight convicts.

The bond of Mr. W. H. Searin, superintendent of county roads, for $1,000, was presented and accepted. Mr. Samuel Blossom and Marsden Bellamy, Esq., appeared as sureties.

An appropriation of $60 was made for strawing Federal Point road. Chairman McEachern was selected as a committee of one to take up the matter of purchasing a new tax book for old taxes. The request for the new books was made by County Attorney Bellamy, who exhibited the old book, which was in a bad condition. Mr. Bellamy stated that since his firm took the back tax book they had collected over $10,000, and the report for the time since the last report in April showed $115.35 collected.

The resolution of the Board of Education passed at a special meeting some days ago asking the Board to make a special levy of 12 cents on the $100 valuation of property and 36 cents on the poll for school purposes, was read. At this juncture the board made the tax levy for all purposes, being as follows: General fund, 23 2-3 cents; hospital, 6; road sinking fund, 4 1-3; special school tax, 12, making a total of 46 cents on the $100 valuation of property, and on the poll, general fund, 71; hospital, 18; roads, 13; school, 36, a total for poll tax of $1.38, being a reduction of two cents over last year excepting the addition for school purposes.

The condition of Middle Sound and Masonboro roads was reported by Commissioner Divine for Commissioner Robertson, who could not be present. The matter was referred to the superintendent of roads.

Contracts for furnishing feed stuff were awarded as follows: John S. McEachern Sons, for hay, and B. F. Mitchell Co., for corn and oats.

BRICK PLANT DESTROYED

Extensive Factory of Roger Moore's Sons & Co., Near Wilmington, Burned Early Last Night Entailing Heavy Loss.

The extensive brick plant of Messrs. Roger Moore's Sons & Co., on the Castle Haynes road, just beyond Smith's Creek bridge, was totally destroyed by fire which originated presumably from the drying room yesterday evening between 6 and 7 o'clock, the loss being from $20,000 to $30,000 upon which there was only partial insurance.

The fire, it seems, had gained considerable headway before it was discovered by employes about the works who could no nothing with the necessarily limited fire protection afforded out of the city. However, the hose was turned on and fire extinguishers were brought into action, but it was seen from the first that the large plant was doomed. The smoke in that direction attracted numbers of people from the city and a squad of firemen went out in an automobile, but could render but little assistance. The plant was installed only a few years ago and was possibly the most complete in the State, having a capacity of 75,000 per day. The firm was about ready to shut down for the Summer when the fire occurred and it is exceedingly fortunate that they have on the yards something over a million brick, which will take care of all orders until the works are rebuilt, which will be done at once. It is hoped that the large boilers, encased in brick, will not be ruined and, if so, this will reduce the loss slightly.

A dwelling on the premises, occupied by Mr. Swinson, superintendent of the works, was burned with the plant but he succeeded in saving most of his household effects. The loss falls very heavily upon the young proprietors of the enterprise, who have the sympathy of the business community in their misfortune, but they are undaunted by the fire and will replace the factory at the earliest possible moment.

POLICE AND FIRE COMMISSION.

Regular Monthly Meeting Yesterday Afternoon—Department Reports.

The regular monthly meeting of the Police and Fire Commission, Chairman Wm. E. Springer presiding and Messrs. W. A. French, Jas. F. Woolvin, and Capt. John Barry in attendance, was held yesterday afternoon at the City Hall but only routine business was transacted. Minutes of preceding meetings were read and approved after which the monthly reports of the Fire and Police Departments were read and approved, a copy of the same being ordered transmitted for the information of the Board of Aldermen.

The report of Chief of Police Williams shows 107 arrests during May, 36 whites and 71 blacks, and the report of Fire Chief Schnibben shows nine alarms during the month and a property loss not exceeding $350. Mr. French presented some information in regard to the rebuilding of the Nott Fire Engine Co., and was instructed to take the matter up further and report at next meeting. O. O. Watts was elected a substitute in the department upon recommendation of Mr. French.

The election of a sergeant of police to succeed Constable W. B. Savage, who declined to qualify, was deferred to a subsequent meeting.

DEATH OF YOUNG MAN.

Mr. B. Eugene Hart Succumbs to Typhoid Fever—Funeral.

Mr. B. Eugene Hart, son of Mr. and Mrs. William Hart, died at the family residence, 804 South Sixth street, at 6:10 o'clock yesterday afternoon of typhoid fever. He had been ill for three weeks and for the past several days his condition was regarded as serious.

Mr. Hart was 18 years old and held a responsible position with the C. W. Polvogt Co. He had a large circle of friends who will be grieved to learn of his death.

The funeral will be held from the Church of the Good Shepherd, corner Sixth and Queen streets, at 4:30 o'clock this afternoon, conducted by Rev. Wm. E. Cox, rector of St. John's Episcopal Church The interment will be in Bellevue cemetery.

Children's Day at Grace Church.

Children's Day exercises at Grace Methodist church Sunday morning were attended by a congregation which taxed the seating capacity of the church, it being necessary to throw open the folding doors to the Sunday School room adjoining. The programme was exceedingly interesting and carried out in a splendid manner. The church had been artistically decorated for the occasion by Mrs. Luther A. Blue, who also had the training of the children in charge. At the conclusion of the programme an offering for charitable purposes was received.

Remains of Soldier Sent Home.

The remains of Private R. B. Zinn, member of 19th Company, Coast Artillery, who died at Fort Caswell Saturday afternoon, were brought to this city Sunday morning, escorted by a detail of ten men under command of a sergeant, and carried to the funeral parlors of Mr. James F. Woolvin, where the body was prepared for burial. The remains were shipped last night to the old home of the deceased in Anderson, Ind.

MEMORIAL SERVICE SUNDAY

Local Members of the Odd Fellows Hear Special Sermon.

Local lodges of the Independent Order of Odd Fellows held their annual memorial service at Fifth Street Methodist Church Sunday night. There was a very large attendance and the sermon, by the pastor of the church, Rev. K. D. Holmes, was able and instructive and was very much enjoyed. The members assembled in their respective lodge rooms at 7:15 o'clock and marched to the church in a body.

Organization Meeting Tonight.

The organization meeting of the "Greater Wilmington Club" will be held in the Court House tonight at 8:15 o'clock and all those who signified their intention of joining are earnestly requested to be present. A meeting of the committee of fifteen appointed to draft a constitution and by-laws was held in the office of Mr. A. B. Skelding at 5 o'clock yesterday afternoon and the report of the committee of three was received. Another meeting of the committee of fifteen will be held at 5 o'clock this afternoon for the purpose of finishing the report to be submitted to the meeting tonight.

To Give Lawn Party.

The Daughters of Rebekah are arranging to give a delightful lawn party at Seventh and Orange streets on Wednesday night from 8 to 12 o'clock for the benefit of a fund to be used in furnishing a dormitory in the new Jacobi Memorial building at Goldsboro. Refreshments will be served and there will be a number of other delightful features. Tickets are only 10c and an enjoyable evening is assured. Music will be by the Delgado Band and the public is cordially invited.

Sneak Thief Entered Residence.

Some time during Sunday night a sneak thief entered the residence of Mrs. J. J. Kelly, corner of Fourth and Market street, and from the back porch stole a pair of trousers in the pockets of which was $33 belonging to Mr. M. W. Turner, one of the boarders in the house. The trousers were stolen through a window opening on the back porch. The matter was reported to the police but no clue to the guilty party or parties has been discovered.

Knights of Pythias Off.

Several members of the local lodges, Knights of Pythias, left yesterday afternoon in a chartered Pullman over the Atlantic Coast Line via Columbia for Hendersonville, where they will attend the Grand Lodge, Knights of Pythias, which convenes there today Several prominent Pythians from nearby towns joined the Wilmington party here and are with them in the special car. The local delegation expects to bring the next meeting of the Grand Lodge to Wilmington.

A CONTINGENT ASSET.

The Court Didn't Appoint a Receiver to Administer It.

A woman's way of getting around trouble, especially her ability to answer a question without giving any information, is well known, particularly to the members of the bar that have had occasion to cross words with her on the stand. A woman with a well developed sense of humor once foiled the persistent attempt of W. G. Chapin, late editor of the American Lawyer, to elicit information in supplementary proceedings. He tells the story of the failure himself.

"I had been admitted to the bar but a short time and was a fair specimen of the average theory stuffed, practice wanting, law school graduate. How joyously were the commands of the managing clerk obeyed! Here was the looked for opportunity to demonstrate my ability in the noble art of searchingly examining a recalcitrant witness, a woman!

"Of the two, I fancy, however, that it was the lady who was more self possessed when the proceedings opened. She was a dressmaker and had been sued for debt by a dry goods firm. The examination dragged its slow length along, revealing no assets, until finally came the omnium gatherum query asked as a finisher.

"'Have you any property of any kind or nature, real or personal, or any right or interest in property that you have failed to mention?'

"Perhaps it was my tone she disliked. At any rate, her eyes snapped. 'Well, I've got what perhaps you wouldn't call an interest, but it's almost as good. It's an expectation. Must I answer?"

"'If you please.' I was encouraged.

"'Well, you see, it's this way. I've got two sisters, and both of 'em have married finely. Now, neither one of them begins to be as good looking as I am.'

"'Yes.' She had me puzzled.

"'Well, I really don't see why I shouldn't have the same show.'

"It is needless to say that there was no receiver appointed to administer this 'asset.'"—Chicago Record-Herald.

The Erudite Barber.

"I don't see," said the erudite barber as he stropped his razor, "why our customers complain that men of our profession are exceedingly loquacious. All who enter the modern barber's place of business should know what to expect. Every barber shop is a 'tonsorial parlor' nowadays. The word 'parlor' literally means 'talking room,' just as 'parliament' means an assembly of talkers. Parlor and parliament have the same root as the French 'parlez,' which means to talk, and then there is the English 'parley,' to exchange words. Moreover"—

"Moreover," gasped the victim in the chair, "I am in a very parlous position."—New York Press.

Why Sailors Like "Scraps."

It has long been observed that the sailor, whether in commercial or government service, takes a peculiar delight in "mixing up" with the bluecoat, but this inclination has been attributed more to a natural exuberance which comes with a land leave, accelerated somewhat by artificial means, than to animus inherent with deep sea life. But why this feeling? Perhaps it is that the strict rules of marine service, the long periods of close confinement to which the seaman is subjected, make him a hater of any one who wears the emblem of authority when he is temporarily enjoying freedom on shore leave away from the restraints aboard ship. The sailor wants liberty in its full sense, and, realizing that the bluecoat is the chief obstacle to his obtaining it, he develops a firm conviction that the policeman ought to be trounced on general principles. In time it becomes his chief peaceful ambition.—Brooklyn Standard Union.

Poetic Justice.

A certain couple in a New England village, each the parent of six children, had meted out to them a kind of poetic justice in which they failed to see the poetry.

The woman, a widow, pleading that she had no home and was therefore unable to care for her children, induced the local authorities to admit them to an orphan asylum. The man, a widower, pleading he had no housekeeper and therefore no one to care for his children, induced the authorities to admit his six also. Thereupon, being freed from all incumbrances, these two married.

All went well for a few months, when the authorities, learning of the situation, promptly dispatched the twelve children back to their parents, and, the woman no longer able to represent herself as homeless or the man as without a housekeeper, they were forced to receive them.

WHY HE DOES IT.

It is not often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure," said druggist J. Hicks Bunting to one of their many customers, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan.

"The Dr. Howard Co., in order to get a quick introductory sale authorized us to sell the regular fifty cent bottle of their specific for half-price, 25 cents, and although we have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory.

There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medical power than a big pill or tablet or a tumbler of mineral water.

"We are still selling the specific at half price, although we cannot tell how long we shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity."

Shooting a Rattler.

"Anybody can shoot a rattlesnake," said a cowboy, "because the critter itself takes aim. You point a stick or a gun muzzle," he explained, "at a rattler, and he'll get his head right in line with it—so as to strike, you know. Move your muzzle to the right, Mr. Snake moves, too; to the left, and it's just the same. Many a bet I've won, holdin' a gun about ten feet from a rattler, that I'd shoot his head off with my eyes shut. I always done it. The rattler always did—or rather done—my aimin'."—Philadelphia Bulletin.

Just In Time.

A German shoemaker left the gas turned on in his shop one night and upon arriving in the morning struck a match to light it. There was a terrific explosion, and the shoemaker was blown out through the door almost to the middle of the street.

A passerby rushed to his assistance and after helping him to arise inquired if he was injured.

The little German gazed in at his place of business, which was now burning quite briskly, and said:

"No, I aindt hurt, but I got out shust in time. Eh?'—Lippincott's Magazine.

Author—You have noticed, without doubt, that the suffering of the heroine is intended to be terrible in the first act.

Critic (who has just read the play)—Still, it'll be as naught compared with the suffering of the audience along toward the last act.

DOING THEIR DUTY

Scores of Wilmington Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow:

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Wilmington people endorse our claim.

Mrs. J. A. Boykin, 514 Princess St., Wilmington, N. C., says: "For a long time I was a sufferer from backache and rheumatic twinges in my limbs. I could not stoop or lift without pain, in fact, was in misery all the time. Nothing that I did seemed to give me any relief and when a friend told me about Doan's Kidney Pills, I procured a box from Robert R. Bellamy's drug store. Soon after taking them I could see that they were doing me good. The backache and rheumatic pains entirely disappeared and I felt much better in every way. I am pleased to recommend Doan's Kidney Pills to other people bothered as I was."

For sale by all dearers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PROMINENT ITALIANS

(Continued From Page 3.)

id progress in mastering the English language. The cultivation of grapes which has been begun will be more extensive in the future and he is confident that this will be the source of much more revenue as the grapes will be manufactured into wine and shipped North where it will bring fancy prices. The soil is specially adapted for grapes and a big yield can be had.

Mr. Valentini was especially interested in the expressions of the women in the colony, who are always the hardest to please, he said. They not only expressed themselves as being happier than they ever were before but showed it in their countenances and in their speech.

Miss Alice Bennett, a New Englander by birth, but who has spent more than 20 years in New York City studying the immigration problems, especially as regards the Italians, and who has written numerous articles for Northern and Southern magazines upon the subject, was perfectly delighted with what she saw in the colony and her pen will tell many interesting things of life at St. Helena. In talking to a Star reporter she said that in New York City there were 500,000 Italians and they are coming to this country at a rate of 300,000 per annum, and out of the number at least 60 per cent. are trained farmers. Being without capital, some times possessing only $5 or $10 when they land, they are forced to accept whatever work they can find in New York. "So," she continued, "the people who would be invaluable as intensive farmers become a menace to the city dwellers and help to swell the overcrowded trades. Owing to their ignorance of the English language they know nothing of the opportunities opened to agriculturists in the United States. Heretofore there has been no intelligent, concerted action for distribution and as the result men who are trained agriculturists are doing inefficient work for low wages in trades already crowded. Through the want of intelligent action people have been sent to the country to live who have all their lives been city dwellers. I have consulted many prominent employers of agricultural labor throughout the United States and the concensus of opinion has been that the Italian is about the best adapted to horticulture and intensive farming. All he requires is an opportunity to make good. Everywhere that they have colonized they have been found to be very sober, industrious and good pay, and once they have bought land they never rest until they have cancelled the mortgage and they cultivate the land up to its limit. When they land as immigrants they secure employment in factories or at other sorts of hard work.

"Wherever the Italian settles land values always appreciate. Land in South Glastonbury, Conn., 18 years ago was bought for $15 to $20 an acre, but will bring $500 now. I was very much interested on my visit to the experiment farm of the Carolina Trucking Development Company, near Wilmington, and am convinced that if good economical methods are followed an immense movement can be set on foot that will be very much to the advantage of the entire section. There should be established at St. Helena several factories. I think that canning factories and silk and cotton mills could be developed in this section of the South and this would draw the very cream of immigration coming to our shores. Enough has been done at St. Helena to prove the value of the Italian as a farmer."

The party came here as the representatives of an influential group of New Yorkers who are deeply interested in the proper distribution of Italian immigrants in the United States and their visit here was for the purpose of investigating the conditions, climate, etc., and they believe that they will be able to induce many of the millionaire Italians of the North to aid in the colonization movement.

What "Marion Harland" Thinks of COTTOLENE.

New York, December 15th, 1906.
The N. K. Fairbank Company, Chicago, Ill.

Dear Sirs: Many years ago I discontinued the use of lard in my kitchen and substituted for it—as an experiment—COTTOLENE, then comparatively a new product.

Since my first trial of it, I can truly say that it has given complete satisfaction; whether it is used alone, as "shortening," or in combination with butter in pastry, biscuits, etc., or in frying, it has never disappointed me.

I honestly believe it to be the very best thing of its kind ever offered to the American housekeeper, and I am glad of the opportunity to make my conviction public.

Yours truly,
"Marion Harland."

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 7.—The cotton market steadied after a lower opening with trading generally quiet and the close steady net 1 point lower to 2 points higher. The opening was barely steady at a decline of 8 to 12 points in response to lower Liverpool cables and reports of good weather over Sunday, no further rain being shown in the belt, while temperatures seem to have been about seasonable.

The initial decline uncovered some stop loss orders but while there was no aggressive buying the bulls seemed willing to absorb offerings around the early figures, and selling pressure diminished rather than increased during the morning. This suggested that the scattering long interests had already pretty well liquidated, and the market rallied during the middle of the day on support from Wall street and local bulls in the absence of short selling. Talk of high temperatures in the Southwest and possibility of another period of unsettled weather in the central belt, views as to which influenced by the forecast for showers and thunderstorms in Arkansas and for increasing cloudiness in Louisiana, were bullish factors but after selling about 2 to 3 points net higher the market reacted partially under realizing. Southern spot markets officially were generally unchanged.

Bullish reviews of the dry goods situation and claims that Southern mills were not sufficiently supplied with raw cotton to last them until next season seemed to encourage some little buying as soon as it was found that no great amount of long cotton was coming on the market but generally speaking bull speculation was held in check by the more favorable average of the weather.

Receipts at the ports today 9,719 bales against 9,816 last week and 12,341 last year; for the week, estimated at 55,000 bales against 59,361 last week and 64,544 last year. Today's receipts at New Orleans 3,425 bales against 3,127 last year.

Spot cotton closed quiet, 5 points lower; middling uplands 11.45; middling gulf 11.70. Futures opened barely steady and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, June 7.—The primary goods market opened strong on cotton goods and several large jobbers have their representatives here operating on domestics. Utica and Mohawk wide sheetings have been advanced 5 per cent. Dress goods are being taken on repeat orders for Fall and advances were announced during the day by some of the large houses. Raw silk is very quiet in this market, some small business passing from stock.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, June 7.—The speculative appetite for stocks had lost some of its zest today to judge by the irregular and uncertain movement of prices and a sharp break at the last. There was a moderate incursion of new orders to buy from the outside world such as is looked for especially on Monday mornings, during the progress of a speculative campaign and prices, as usual in the circumstances were opened as high as possible. The market was held well in hand after that and the policy of shifting operations from one point to another, buying in fresh quarters to cover the selling of previously acquired holdings, was pursued as it was last week. Reading was selected as the principal medium for the supporting operations of the bull party. Rumors of coming dividends increase played a prominent part in the show of strength of special stocks. Another group of stocks moved in response to intimations that plans were ripening for re-organization of company finances, this rumor serving Wabash well. United States Steel and Union Pacific were both under pressure of realizing and the effect of this on the general speculative tone was rather formidable. There was no news of a directly unfavorable character. The fact that the Government crop report is to be issued tomorrow prompted some disposition to wait for that document for light on the crop situation. From the Southwest came reports that demand for currency was beginning to stir in preparation for moving the coming crops. An advance in the price of copper metal failed to benefit the copper industrials. Prices gave way all round in the last half hour.

Bonds were irregular. Total sales, par value, $7,736,000. United States bonds were unchanged on call. Total sales of stocks today were 1,136,700 shares.

and cleared the bases. In this inning six runs were made. Yerkes' sensational left hand stop over second, robbed Sharp of a hit, catching a man out at second. He is unquestionably the star of the league. Aside from his sensational fielding he got two beauty hits today. Base on balls followed by two hits and a fumble in centerfield allowed the Giants their single run. Score:

Four Hours at Fayetteville.

Fayetteville, N. C., June 7.—Raleigh and Fayetteville battled for 17 innings today in the greatest game ever seen here, Raleigh winning out on Crozier's steal home in the 17th, Hart making a wide throw. Muir and Beales did star twirling, the latter yielding ten hits and fanning 13. In the 14th, Raleigh filled the bases with none out, but Muir settled down and fanned Crozier, Rowe was caught between third and home trying to work a squeeze while the best that Haas could do was to pop to short. CRUSHED IN ELEVATOR

Horrible Accident to Young Lady In New York.

(By Wire to the Morning Star.)

New York, June 7.—On her first visit to New York and her first ride in an elevator, Miss Lena Schoomaker, 19 years, one of a sightseeing party, was crushed to death this afternoon when her head was caught between the floor of the elevator and the sixth floor of the Flat Iron building. The party was being chaperoned by Mrs. Charles M. Hall, daughter of Judge Alton B. Parker.

When four of the girls started to descend in the elevator, Lena fell forward in a faint, her head near the door of the car. The car stopped but started up again. The head of the girl rolled over the edge of the car and the protruding ledge of a floor caught and crushed her skull, broke her neck and crushed in her chest. She died instantly.

The elevator boy was placed under arrest on a technical charge of homicide.

Women Who Are Envied.

Those attractive women who are lovely in face form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at R. R. Bellamy's.

Just Goes Out.

Juvenile—Mamma, when the fire goes out where does it go? Mother—I don't know, dear. You might just as well ask where your father goes when he goes out.—Town Topics.

Isn't This Rough?

Ella—A poet wrote a sonnet on my face the other day. Stella—Did he write it on the lines?—Bohemian.

Useless Luxury.

A sick peasant motions feebly to his wife to approach his bedside and whispers painfully, "I think, my dear, I could fancy a little broth."

"My dear, what do you want of broth? Hasn't the doctor just given you up?"

Substantial.

Tom—I ate of the cakes she made just to make myself solid. Dick—Did you succeed? Tom—I couldn't feel any more solid if I had eaten concrete or building stone.—Utica Herald.

Astronomical Query.

When the cow jumped over the moon did she leave the milky way behind her?

A Thrilling Rescue.

How Bert R. Lean, of Cheny, Wash. was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid $10 to $15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.
